

# Monster Film Transcript (2003)

2003

I always wanted to be in the movies  
When I was little I thought for sure 1 day, I could be a big big star...  
Or maybe just beautiful...  
Beautiful and rich, like the women on TV  
Yeah, I had a lot of dreams and I guess you can call me a real romantic  
Because I truly believe that one day... they'll come true  
So I dream about it for hours  
As the years went by, I learnt to stop sharing this with people  
They said I was dreaming  
But back then, I believed it whole heartily  
So whenever I was down, I would just escape into my mind  
To my other live, where I was someone else  
It made me happy to think that all these people...  
just didn't know yet who I was gonna be  
But 1 day they'll all see  
I heard that Marilyn Monroe was discovered in a soda shop and I thought for sure, it could be like  
that  
So I started growing up real young... and I always secretly looking for who is gonna discover me?  
Was it this guy?  
Or maybe this one?  
You never knew  
But even if they couldn't take me all the way... like Marilyn  
They would somehow believe in me just enough  
They would see me for what I could be, and think I was beautiful  
Like a diamond in the rough  
They'll take me away...  
To my new life and my new world  
Where everything would be different  
Yeah, I lived that way for long long time and my head dreaming like that  
It was nice  
1 day it just stopped  
By the time I met you all...  
Shame... all I want is a beer  
How are you doing?  
Great  
Anyone sitting here?  
No  
Madam our services are for patrons only  
Give me a beer whatever cheapest  
So what it is like, a gay place or what?  
Yeah  
Hey, whatever, man  
Can I buy you that drink?  
I got my own money  
I'll have a pitcher, whatever she's having  
Look, I'm not gay alright?  
Well, it makes sense  
So what are you doing here then?  
My truck broke down, I'm a...  
I got a pressure cleaning business

What's pressure cleaning?  
You know steam clean?  
Upholstery, carpets, you know, shit like that  
So I'm just getting out of the rain  
My name is Selby  
You owe me change!  
Fuck! I'm out of here  
Oh, are you sure?  
Get your fucking hands off me! you dumb dyke...  
I'm not gonna fuck you for fucking beer ok  
Stop wasting your fucking time!  
I wasn't trying to fuck you!  
I just wanna talk to you  
I thought that if I bought you some beer maybe you'll talk to me  
I just trying to have one decent night out, you know..  
Just talk to someone before I've to go back to my parents closet  
I'm sorry  
You don't have to stay  
So are you really a steam cleaner?  
No, I'm not  
No man, actually it's a real good job...  
Pressure cleaning  
You want some?  
Oh come on don't let me down now  
You ready?  
1... no, you don't get to do this  
Shit, I don't fucking trust you  
You ready?  
1, 2, go!  
You do suck  
You're just a sore winner  
Yeah, winner though, man  
Oh, man that's all my cast  
You spilled some good shit there  
I'm gonna lick it up like a dog  
We need 2 more  
What's that bullshit?  
What time is it?  
The bar is closed  
Then why don't you take that stick out of your ass...  
Now would be a good time, don't you think huh?  
Now that the bar's closed  
What you do for is that?  
We had a good time though  
Yeah, I know, it was fun  
I'm sorry, I called you dumb dyke  
I don't care and thanks for the drinks  
No... No Problem.  
So see you around ok  
Do you wanna stay with me?

I didn't mean... you know you don't have to do anything  
Shit I know  
Fuck it  
Yeah? My truck's broken down  
Ok, car's over here, come here, this way  
All I wanted was a beer  
But the day I met Selby I'd spent most of the afternoon sitting in the rain, about to kill myself  
So you can understand  
I was flexible, I mean everybody gotta have faith in something  
For me? For me all I had left was love and I was getting pretty sure that, I wasn't gonna love a man  
again  
So I was gonna do it and the only reason I did it was a five dollar bill  
I knew I probably given some asshole a blowjob for it  
So really tried to piss me off that if I killed myself without spending it  
Basically I sucked him off for free  
So I made a deal  
I said God, I gotta spend this 5 bucks  
But when it's gone so am I  
If you've got something for me in this life, you better bring it on and there she was  
Just some friends my parents and I are staying with  
You wanna take a shower or anything?  
Goodnite  
Goodnite  
I can't believe you are here  
Me neither  
Can I touch your face?  
Sure  
Honey!  
God Donna! Donna sorry, just a sec!  
I'm sorry, I'm supposed to be ready for church  
Hey, where's my shirt?  
Look at this, it's 5 o'clock in the morning and she ain't dressed yet  
I'm sorry about that  
No, it's alright  
Hey thanks for letting me crash  
No, that was nice  
So when are you leaving?  
Tuesday  
But you know, I'm gonna be hanging out at the Moon Nite, around 5  
About 2 blocks up  
Yeah yeah yeah  
Maybe I'll swing by  
Alright  
You have fun at church, alright  
Who was that person?  
She's just a friend I made  
Honey, I think she was a straight person  
Did you check your stuff, because she might have stole something  
No... I checked it, she didn't take anything  
Listen, honey, you cannot bring people like that here, what if Charles had seen her?

I'm sorry  
A person like that... no Mdm  
We have no business with people like that  
I'm just getting some stuff  
You'll give it to me when you get it  
Want some sandwich?  
Ham don't do it for me  
Thanks, man  
I'll buy it if you want  
It's alright  
You'll pay me when you get it  
How are you doing?  
I'm good  
I met a friend  
Really? good for you  
Hope it's not some asshole like the last guy...  
who almost trampled you half to death  
No, she is... real nice, you know  
Thanks, man  
Hang on a sec  
Hang the fuck on!  
You look good  
Thanks  
Man, you know what I'm going to give you the \$5...  
I got it. I got it  
So you came  
Yeah I was around, you know, thought I'll swing by  
So where's your friends?  
Well, I... I'm not...  
You're mean  
Can I ask you a question?  
Are you a prostitute?  
Yeah  
I don't know  
People like pay to be with you, it's wild!  
Men must just line up to be with a girl like you  
I guess, I don't know, not really, you know!  
What do you do to them?  
All kind of things, you know, whatever they want  
How do you know what they want?  
Well they ain't shy to tell you  
Really?  
Well shit, men are real easy to read anyway  
Well, how about that guy?  
How about him?  
Oh, he's gay  
No way  
Yeah, man, look at him, he tries too hard  
Oh man you see that little fucker over there?  
Well he, he's straight up, S&M

That's Trevor, That's the son of the people I'm staying with  
Shit I'm sorry  
I don't care about that  
I don't realise he was gonna be here  
This girl in my church, she told everyone that I tried to kiss her  
So my parents basically disowned me and I decided to come down here and try to figure somethings  
out  
Then this happened before I could get a job  
How long do you have to stay on?  
Not too much longer  
But my dad had to pay my medical bills  
So I made a deal with him, that I would go back  
Which... you know... it... probably for the best... maybe it'll work  
Maybe he'll be able to save my soul and all that  
Well I bet you twenty, I'll beat your ass in a race, rite now  
Oh no...  
Oh yeah, me and you are gonna hit the floor rite now  
Serious I can't skate  
You gotta help me  
I know, I've gotcha, come on  
There you got it  
You better not let me break my other arm  
See you can do this  
Your're very good, man  
You think you can you do by yourself?  
Ok  
There you go  
Feel the music  
You having fun?  
There you go turn, turn  
Oh, man I love this song  
Oh I love it too  
Just like that  
Oh I can't do that  
Yeah you can  
No, no, no, come on, come with me  
Trevor  
Who cares about him?  
Come on are you ready?  
So we don't hit anyone  
Are you ok?  
I can't, I can't do this here  
Maybe we can go somewhere  
How about the yard over there?  
I thought you didn't like gals  
I don't like men anymore, really  
I like you  
Maybe... maybe we could go somewhere  
Where we can get a room or something  
Oh I don't have any money

I gotta go  
I'll see you tomorrow  
Ok honey I talked to your father and guess what?  
What?  
You got a job, little miss  
How about that?  
Really?  
That's rite, working rite with your dad and some very handsome young gentlemen, I understand  
Ok, if you need something you let me know, ok  
Thanks  
Thanks for the ride, man  
Sure  
It's real hard to get help around here, you know  
I was getting lost there for a while...  
So where are you headed?  
Just where you can take me, I'm trying to get to a phone  
So my car broke down  
See, these here are my kids  
They are cute  
They are down in Miami, I'm trying to get down to them  
But I'm kind of broke, rite now  
So just trying to make... some cash somehow, you know  
Maybe I can help you out  
Yeah what you got?  
I don't know, how about say 10 bucks?  
I like to have \$25 straight up  
If that do in the laundry shop...  
Look, man, I'm not a fucking novice shampoo gal here, ok  
I'm the real deal, alrite, so let's see it  
Oh man, I'm talking about the cash, alrite  
Ok sorry  
Hey lady love, need a ride?  
What time you got?  
Quater 6

No, I just want a little privacy, you know, I don't wanna get busted  
Shit me either  
What do you think, man?  
Cheers!  
So how about we make it quick I suck you 20 huh?

Hey are you alright?  
I knew that would get you!  
Are you awake now?

Come on, you gonna stay awake now?  
Do you wanna die?

What the hell is happening here?  
Sorry it was me I fell out of bed  
You didn't hear nothing?  
No, it's me I fell out of bed  
If that woman's in here, Selby, so help me god..  
I had a talk with Trevor, and I really don't appreciate what he told me  
I don't think your father will either  
If she's in here, I want you to get her out rite now!  
Or Charlie bound to blow her head off  
What the hell are you doing here?  
No man, I just wanted to see you  
I got in a fight  
It must have been a really long fight  
I got a man really beaten me up, ok  
It wasn't my fault  
Are you ok?  
But it's cool now  
It's cool  
I was thinking...  
You know I want you to stay a little longer  
Cause I can't  
Why not?  
Cause I told you I promised my dad  
Well, he's your dad rite, wouldn't he understand  
So I'm sure he can save your soul a week from now, rite?  
See, I told you... no problem rite?  
I was goona use it to take you out tonite, but...

That's enough to rent a hotel for whole week  
We can party, hang out, whatever you wanna do, you know  
Maybe I can come back  
No, you can't come back  
Cause I'll be gone  
Listen to me,  
This is a once in a life time opportunity  
Give me a week, I'm gonna go later I'll buy you fucking ticket  
I'll take you there myself, just give me a week  
You'll never meet someone like me again  
Ok  
Alrite  
Where did you get this car?  
I just borrowed it  
So what do we do now?  
Whatever?  
Cheers  
Cheers  
It's getting late  
Oh My God Selby! We thought you were dead  
Donna, I'm sorry, I just came and get some stuff  
No, honey, you are gonna talk to your father  
You stand rite here!  
John, yes she's back  
She's here  
Ok, hang on, hang on  
Talk to your dad  
Hello?  
I found a roommate and...  
I can't dad  
I'm not even staying here anymore  
I just came by to pick up some stuff, I'm not even staying at Donna's anymore  
Ok.. ok.. I'm an adult now, I'm gonna stay... and I gotta go  
What are you doing?  
She's not even... gay  
She's just some old street hooker, she's just using you  
I quit  
What?  
What're your bags doing here?  
I'm staying  
Holy shit girl, you just made my day  
How did you get them huh?  
I took a cab  
But Leen, you can take care of me rite? cause...  
I've spent all our money  
It don't even matter  
What you said? You quit?  
Hooking... I quit hooking  
Why?  
Why? because it's shit, it's time man, I fucking hate it

I thought you said it wasn't that bad  
Oh.. it is, you know, but, not always, it's not the point  
I got you now  
I got everything going for me  
So I'm gonna do a broil  
This time I'm doing it a broil  
How about that?  
Fine, but what are you gonna do about work?  
Exactly... I'll get a job  
Go clean... straighten up, you know, fuck it, man, I'll get a career  
House, car... you know, how about that  
What kind of job are you gonna get?  
I've been thinking about that  
I was thinking maybe like a veterinarian, you know  
Cos I fucking love animals, you know  
Yeah...  
But that's a doctor... you gotta get a degree for that  
No, I'm not, no  
Shit, I know, you know what I always wanted to be?  
What?  
President of the US  
I just haven't been feeling too good lately, you know  
But I will though, man  
I'll be feeling great  
It's fucking celebration time  
Oh yes this is... this is big  
I once heard this thing that always stuck with me  
I must've been around 13 years old  
Cause I remember I just put the baby up for adoption  
They call the assembly of my junior high  
Cause this guy who played drum for certain workmen...  
Was coming to talk to us about success...  
and making your mark on the world  
I don't have any experience, per se...  
I'm a real... I mean I'm a real hard worker  
I was real excited, cause he was the 1st real celebrity I've seen... and this was exactly the kind of  
thing I wanted to learn...  
How to follow in the footsteps of...  
I don't even write it down, you know  
Just stay rite... just stay rite there and you should know that I've worked with people all my life  
So I'm real good with people and...  
I know how to work the roledex  
So I listen real hard to any advice he had  
For sure he said something that stuck rite in my real mind  
It was all you need in life... is love and to believe in yourself  
then there's nothing you can't do  
To make sure that i have all this straight  
Basically, you've no experience, no college degree...  
No resume, no work history what-so-ever in fact and now you would like to be... a lawyer  
No, see... I'm sorry, but when I read the ad...

It said you were looking for a secretary  
Ok, well you need to learn how to type...  
You'll need computer skills  
Most of our secretaries have college degree  
Infact most of them have specialised in law  
I don't mean to sound harsh, but frankly this is a little insulting  
All that looks great, It must be wonderful, but...  
Can I tell you something?  
When the beach party is over, you don't get to say, you know what  
I think now I would like to have what everybody else has worked their entire life for...  
It doesn't work that way  
Fuck you, man!  
Yeah fuck you!  
You don't fucking know me  
Ok, great, that's great, see?  
Now I'm so sorry I didn't hire you before. Leslie could you please escort miss...  
I don't even know her name, because of course she doesn't have a resume...  
No need, you fucking asshole, you piece of shit  
What you think I'm fucking retard?  
Take your fucking job and fucking shove it!  
Fuck you Leslie!  
All I need is love and to believe in yourself  
Nice idea, it doesn't exactly work out that way  
But I guess it was better to hear flat out lying then to know the truth at thirteen  
Fuck this phoney shit, told him to fuck himself, kiss my fucking sweet ass  
Slamped me out of the fucking door, just like that, man  
What did he do?  
Not a fucking thing  
Not one fucking thing  
Stupid mother fucker  
I've bet nobody fucking ever talked to him like that in his whole life  
Fucking office job, who the fuck wants a job like that  
You gotta fucking sitting in a little desk...  
You got your little phone...  
You got your piece of paper, your little pen...  
You write shit down, bla bla bla  
Fucking a monkey can do that shit, man, fuck!  
I thought you wanted a job like that  
You know what?  
No. Toby, 2 more  
Honey, Al says I can't give you any tab  
Toby, how long have I been the customer here?  
Would you cut me some fucking slack here?  
Go get me 2 more  
Fucking lazy bastard, it's no big deal, man  
Al runs a tab all the time you know...  
he just probably doesn't know it  
Leen, what are you gonna do?  
I got it on fucking control, man  
I'm kind of starving here

There's no way, you could maybe ah...  
I don't know, call your dad or...  
Yeah I know I know, I'm just saying for you, you know?  
Fuck it, man, I got shit line up, you know  
It's not a fucking big deal  
Can I just give it to you straight  
The truth is, I'm... I'm a hooker  
I'm trying to clean my life up here, you know...  
Go straight and questions and all, so...  
If there's any link that you can help me with...  
That's because I was...  
That's not even matter gonna matter  
Because the best you're gonna get is factory work  
Hey Todd, do we even have any factory work?  
Fuck!  
I'm sorry, I'm just trying to talk to you here...  
You don't have any change, do you?  
Madam, I'm afraid I've to ask you to come with me  
Why?  
Well we've had some complains out here, so...  
So what they complained about?  
Cause I just got out, it's my day off  
A day off? and what's a day off for a whore, you go to church or something?  
Don't you remember me?  
No  
I busted you not eight months ago for tricking up on 95  
It seems to me you might owe me one  
Yeah, you sure went easy on me  
You almost broke my fucking jaw  
Please, you do time  
Climb over  
Sel?  
Selby?  
Selby? Jesus Christ, what're you doing  
What the fuck are you doing?  
Please drop the fucking blade  
I take you to a fucking doctor, ok  
Just stop it  
What are you talking about?  
You can stop Leen.  
Stop what?  
You can stop the game  
I'm out there trying my best, ok?  
Why did you quit hooking?  
Cause I needed to, alright?  
Because you thought I was stupid, enough to support you?  
No, Selby  
That you wouldn't even have to fuck me to get it  
Because I'm so hard-up  
No! no! Selby, that's not the reason

You said we were gonna party, party, party...  
Well there hasn't been a fucking party!  
Nothing! when I told you that I'm starving  
Cause you're using me  
No! I just...  
Because I fucking killed someone, alright?  
My last john, alright, I fucking killed my last john  
I was raped and beat to fuck and was gonna get killed  
But I won't... I didn't wanna lose you, you know...  
All I could think about was that for the rest of your fucking life and you never know that I fucking  
meant to be there  
I didn't wanna die, thinking that maybe  
Maybe you could love me  
So I killed him  
I shot him, alright... I fucking shot him  
I'm sorry, I let you fucking down alright  
Now, you know me Sel, now you fucking know me alright  
No, I don't wanna go  
Sure you do, sure you fucking do!  
Leave me fun, leave me fucking fun!  
I'm sorry  
I know...  
He would have killed killed you  
I need to get this taken off and I'm gonna get a job  
No, I understand that if you can't get a work  
I don't even mind  
I wanted to go back before it was just... so shit scared of getting caught  
You know that was the only reason  
I'm a hooker  
You got a wet pussy?  
Yes, sure  
You like to fuck?  
Yup  
Jesus Christ, you'll think nobody ever talked dirty to you before  
I just like to settle first, you know  
Call me daddy, while I fuck you  
I try, what you like to fuck your kids?  
What? I'm just kidding with you  
I'm just messing with you  
I'll call you daddy  
Daddy, see?  
See, I'm calling you daddy  
I do it all the time  
\$20 huh?  
Yup  
Some good shit here!  
Come on, you wanna suck it for me  
Come on baby  
Life is funny... it's hard  
But it's also strange, how things can be so different than you think

I remember I was just a kid in before age club...  
Set up this beautiful gigantic red and yellow ferris wheel. It lit up to nite sky  
They called it... the Monster  
You want some money?  
Oh my god, are you serious?  
When I was a kid I thought that was about the coolest thing I ever seen  
Then I couldn't wait to ride it  
Sure enough, when I finally got my chance I got so scared and nauseous...  
I threw up all over myself before it even made 1 full turn  
I gonna go and wash up ok  
Just hang on a sec, babe, I gotta wash up here, ok?  
Ok  
Hey where did you get the car?  
My friend, Thomas, saw me on my way home, he let us borrow it to move  
We're moving?  
Yes, fuck this place, rite?  
This no place for my girl  
Oh, man, a real place? an apartment?  
Ya what you happy now?  
Yeah, I'm happy  
I know baby, I know  
We're good now, I told you and that's what I mean  
In my life, it has always been the harmless stuff that hurt the most  
When there're things so horribly, you can't even imagine it  
It's usually a lot easier than you think  
You never really know, until you're the one standing there  
No problem  
How is your arm?  
It looks weird  
So ok?  
Cos I knew I was coming home to you  
I love you  
Waitress  
This stuff is so good thanks for taking me here  
It's ok, it's ok you know  
It's pretty fine, but.. man, someday I'm gonna take you to some...  
Real top places in the Keys, like some real classy joints  
Keys?  
Yeah  
I always wanna go to Keys  
I always wanna have a house on the beach, you know  
But I haven't even been to the beach since I've been here  
So gal I'll buy you a house on the beach, how about that?  
Those places are like thousands of thousands of dollars  
So what? You think I can't get you a house on the beach?  
What else you want?  
You want a little purple porsh huh?  
This is no-smoking area  
You have to put the cigarette out  
What are you doing, man? you gonna sing us a song or what?

Let me have that  
Get your fucking hand off her  
You piece of shit!  
We're paying fucking customer here  
What? what you got?  
You wanna bring it on?  
You all better watch your fucking food...  
Cos there was a fucking cockroach in mine, size like this  
This is not how you run a fucking establishment man  
So what's your deal, man?  
Where you like to fuck  
Like to fuck in the back?  
So really like to get real rough?  
Shit, I bet you get real rough back there huh?  
Real nasty  
You like that huh?  
Maybe you wanna slap me round a little bit huh?  
Don't think I don't see it, man  
What, you can't speak? what the fuck?  
What, you got a fucking problem?  
Cat got your fucking tongue huh?  
I don't like it rough  
I've never done this before, but I have...  
Take your pants off  
Thank you.  
You are welcome  
You wanna have a beer with me?  
Don't you wanna come to bed?  
In a minute  
Wake up  
Wake up, I wanna go out  
Hey, mind if I angle in on those nuts?  
This guy is an asshole right...  
Flick his chair over, flick his shit around all that jazz  
Fucking office job rite? fucking retard sitting on the phone... and talking to people all day long, bla  
bla bla. Bullshit  
Sounds like you're at fun world  
What's fun world?  
Fun world in Orlando, this one over here said:  
We all have to go on thursday night, then she starts some fight with a bunch of fucking red necks  
Get the fuck in here!  
Where the fuck were you?  
I was out  
In that fucking car?  
So? What are you doing?  
I'm just cleaning this fucking pigstly we're leaving in that's all  
What the fuck were you doing?  
I was out, we needed stuff  
We don't need this fucking shit, Selby  
Who the fuck told you to take that fucking car?

Leen what difference does it make?  
The difference?  
Because I'm fucking borrow a car from my friend...  
That's my fucking business, ok, that's what?  
I'm gonna go any place that I want to  
Ok? any time I want  
Not in my fucking friend's car, you are not!  
Fine, fine, then I'll walk  
Ok, I don't wanna sit here alone all the time,  
I wanna go out I wanna meet people  
I wanna hang out with people without you fucking scaring them off  
Where would you like to go?  
I don't know...  
Travel... see different places  
We could go to Fun World  
You wanna go to Fun World?  
Not now  
No, now I gotta take the fucking car back and now we don't have any fucking money like usual,  
Selby  
So, you're leaving?  
Hey Selby, check it out  
Hey, there're my friends  
Hey remember me?  
I figure you guys would be here  
I loved her...  
But the thing no one ever realised about me...  
Was believe that I could learn  
I could train myself into anything  
People always look down their noses at hookers  
Never give you a chance because they think you took the easy way out and no one could imagine  
the will power it took to what we do  
Walkin the streets, nite after nite  
Taking the hitch and still getting back up  
We wanna go again  
But I did, and they don't miss out  
Cause they've no idea what I can discipline myself to and I believe in something and I believed in  
her  
I need to sit down  
Oh there she is  
Who is she?  
I gotta talk to her  
Hey you wanna ride the Ferris Wheel?  
Nope  
We're gonna go sit down  
Are you ok?  
My brothers and sisters, screwed me royal  
After my daddy killed himself, we were out on the streets and the neighbors would let them stay  
over but only if I didn't tag along  
So I stayed clear  
But I knew they didn't have any money, you know

I was having a hook anyway...  
So I always made sure they had new cloths, cigarettes, and stuff like that  
But then there's 1 nite, we're at this party and this guy comes in and he's like...  
She fucked so and so and they're are all embarrassed..  
They were fucking standing in the corner, all...  
So they... you know they threw me out of the snow  
Screaming out, I'm a whore, and they were so embarrassed... and they hate me and all that and  
that was it  
I just took off never went back  
That's really sad  
Your own family doing that to you  
That's how people are, Selby  
Yeah... I know  
Fuck them, who need them?  
Right  
Yeah, fuck them!  
No, right, Selby, right!  
Get out! get the fuck out!  
You all ok?  
I'm gonna call an ambulance  
That's ok  
We don't have any insurance  
We just rather... do it ourselves  
You know, she's good  
You have yourselves a good day now, ok  
Let's go, Selby, now!  
No! no! I wanna drive  
He's fucking dead, let's go, now!  
No!  
Selby!  
Who killed that man?  
What do you think?  
Oh my god, they're coming for us  
What are you talking about?  
You fucking killing people  
Now listen to me, they are not coming  
I never wanted you in this shit to begin with  
But I know what I am doing and you'll never gonna understand it, alright?  
You gotta trust me  
They don't have 1 fucking thing  
They got nothing  
They are not even looking, man, this shit is long over already  
I didn't want wreck the fucking car in public but we did you know, we did  
So if they'll gonna call the cops, they would've done it by now!  
How could you?  
You knew  
No... I knew about 1... 1  
No, Selby... no Sel  
Come in here  
We're gonna have a drink, and we're gonna forget about all this alright?

Cheers  
Leen, this isn't funny  
You don't know what's going on, Sel  
I do, so if you wanna keep your eyes shut to the whole world...  
The least you can do is hear me out  
It's not what you think it is, alrite  
I know what it is  
No, you don't know my life, Selby!  
But I know yours and I've done everything in the whole wide world  
Hoping that you'll never have to know  
So that you can go on thinking that people are good and kind and that it should make sense, you  
know?  
Cause I love that about your, Sel  
But I can't  
No, I don't wanna hear that, Leen  
But you need to  
We can be as different as we wanna be, but you can't kill people  
I'm good with the Lord  
I'm fine with him and I know how you were raised alrite and I know how people fucking think out  
there and fuck it's gotta be that way  
They gonna tell you that 'thou shall not kill' and all that  
But that's not the way the world works, Selby  
Cause I'm out there, every fucking day living it  
Who the fuck knows, what god knows?  
People kill each other everyday and for what?  
For politics, for religion, and they're heros...  
No.. no... there are a lot of shit I can't do anymore  
But killing's not one of them and letting those fucking bastard going out there raping somebody  
else isn't either  
No, no, Leen there was 1 man  
They can't all has been bad  
You know me, you think I could do it otherwise?  
I'm not a bad person, I'm a real good person  
So, don't feel bad, it's life, Sel  
People like me and you go down every fucking... day  
It's almost over, look at this  
See this? it's everything  
Everything you ever wanted  
Just a little more, and a car we're out of here  
We have a shot, Sel  
We have a shot, at a real life, not this, a real one  
You know what to do, rite?  
See you later  
Ok  
So everything is working out, and we are real happy  
But I just thought that you can tell my family  
So you're choosing to go this way  
No, this isn't a choice I'm not choosing anything  
This is the way I am and I'm not gonna feel bad about it anymore  
You can tell him that too

I know you think you're all romantic about that girl  
 What? I'm saying it's not their fault  
 Blacks or whoever you wanna call them, Selby  
 The point is, people make bad choices and they pay for it, you can see all these miserable straight people... and we see you choosing, this life.. this gay life and even more than that, the easy life with this...  
 No.. she has had a real hard life  
 Lots of people have bad lives, and they still choose to move towards the light...  
 Otherwise we all be hookers and druggies...  
 I don't wanna hear this  
 This is not the point  
 Don't fight the world, honey  
 There's so much more than just love out there and someday all you gonna want is a roof over your head even if you do have to sleep with a man to get it and that's your choice  
 Yeah, it is my choice  
 Cos we're in love  
 What? We you going on a hike?  
 Man, just get rite here  
 The car was good  
 Not when there's a fucking gun in it  
 So, lots of people have guns  
 Well you gonna undress or what?  
 No, you 1st  
 So... you married rite? you don't get that fucking shit  
 Come out here with strange gals, do dirty things with them  
 Why, man, so you can rape them?  
 No, Good lord  
 Fucking man  
 I fucking hate them  
 Then why are you a hooker?  
 I'm not a hooker, see, I don't fuck, man  
 Used to, mostly against my will though  
 This old guy used to rape me when I was eight  
 Real good friend of my dad's, you know  
 So I go to my dad, tell him what's going on...  
 My dad don't fucking believe me, so...  
 His friend keeps raping me for years and that's my dad... fucking beats me up for it  
 Where the fuck do you think you are going?  
 I'm not doing it, but I feel sorry for you  
 If you want a ride you better come on  
 I don't need a ride, man  
 I don't need a ride  
 Cause I wanna take your car  
 You fucking think I'm stupid enough...  
 To get back into your fucking car with you when there's a gun?  
 Please!  
 Victor Borne, that was his name  
 My dad's friend... some friend  
 Years later I found out he died in a car accident  
 It's like God finally strike him down for all his evil

No, you can't get away from your shit forever  
Soon or later, it's gonna catch up with you  
Motherfucker!  
Where's the car?  
Got all fucked up!  
Is that everything?  
Got beer? fucking man, I think we should just go  
How?  
Take the bus  
We have enough money, rite?  
We do?  
I don't know whatever, I'll fucking hook down there whatever  
We can't take all our shit on the bus  
I can't get one rite now, ok, Sel  
What happened?  
Fucking cop, the guy I wasn't even gonna do it...  
Then he has a fucking gun in his car...  
So I popped him sure enough he's a fucking cop  
I think he was retired or something but still, man...  
I can't take the fucking car, it was a cop car  
It got some fucking tracking device in there  
Shit!  
Fucker, tried to fucking trick me, while he's got a fucking gun in there  
Keep it down  
Well you just have to go and get us another one  
No... no... not changing your mind on me  
Please  
Leen... this isn't my plan this is your deal, ok  
Your plan, the house and the beach  
Self-employed, just like you said, your plan  
So you just have to go and get us another car...  
We are leaving now  
Get up!  
Alrite... you just give me a sec  
I'm gonna try to get out of here before the end of the week  
That's good, I'm proud of you  
Yes, I just wanted to say good bye to you, Tom  
You've been real good to me  
Are you alrite?  
Yes, it's nothing  
Sometime, I feel like everybody just think I'm just a fat shitty fucking person  
All I'm fucking trying to do is survive, you know  
I know  
Yeah  
I know exactly  
I know what you do for living  
But It doesn't bother me at all  
I know you didn't dial it up on a god dammed telephone  
That's where you lended, that's what you've had to do  
What you're feeling rite now, is just guilt

Over something you've had absolutely no control over  
You know how many of us came back from the war? and almost kill ourselves...  
Because we felt exactly the samething you do rite now!  
Yeah?  
Yeah and I never get it  
They don't get it now, they never get it then... and they sure as hell wouldn't ever get fucking  
circumstances  
Fuck, man, circumstance that's exactly it, that's exactly it  
You know, it's like I feel like I never had a fucking choice  
You never did, but you got a live  
You got a live  
We are not able to positively confirm a profile at this time...  
However the evidence does suggest that...  
The murderers had their current stirring some face of the Central Act  
Perhaps that's the act prostitution?  
Yeah, that's exactly right  
Get the fuck out of here  
Get the fuck out of here!  
These here my kids  
They are down in Miami...  
So I'm just trying to make a couples of extra bucks, you know what i'm saying?  
They ok?  
They are fine  
I'm just trying to make some money  
Can you help me out?  
Maybe I can help you out, you know?  
If you need some help, I'll do what I can to get you back with your kids  
Maybe you need a room, shower, some warm clothes...  
My son's room is empty if you want it and I'm sure my wife wouldn't mind a bit  
Pull the car over  
I'm sorry  
No, just pull the car over  
The car's still rolling, you can't get out  
Stop... the car  
Listen, they can't barely see you out there  
Are you in some kind of...  
Just drive the car  
Stop rite here  
Look there ain't othing that we can't fix  
Get out of the car  
The keys in the car, that's my wallet  
Turn around  
No, madam... no  
You don't have to do this  
Get down  
You really don't  
I can't  
You don't have to  
You just having a hard time  
No, I can't let you live

Oh God, my wife... my wife  
My daughter is having a baby  
Shut the fuck up!  
Oh God I'm sorry  
I got a car, Sel  
We gotta go, alright, you gotta drive  
It's out  
What, what's out?  
Sketches of us  
You're all set  
So you'll gonna get in tomorrow alright?  
I always said I'll take you to the bus, I'll take it, you know  
Where I wanted to go  
I know I did... I did the fuck up!  
Maybe you can... help me?  
I don't know... if I can forgive myself for...  
You'll come back to me, You'll come back  
I mean, you come back here and we go far far away  
Go  
No  
Selby, you take that alright  
You take it, and spend it, alright  
2 whiskeys 2 beers  
2 whiskeys, 2 beers for the lady  
- Leen  
Tom  
Hey, this is my only friend, Tom  
We've got a fire outside, the old conversation pit  
Oh come on  
You run away fast  
What?  
Yes you are, I wanna drive you out of here  
I gotta stay here by the phone for my girl  
Cause I gotta call her  
Cause she left, Tom  
But she's gonna come back, ok  
You've got a fucking wife and you tell me to come with you...  
What the fuck are you doing, man?  
Not you, Tom, not fucking you, Tom  
Fuck, man!  
You got some bucks to change?  
You want change?  
Yeah I gotta call my fucking gal  
Let's go, I got some change in my car  
So if you want, come with me  
My car is over there  
Yes, rite over there, you see? the camero  
Man, what the fuck are you doing?  
Just want to fucking call my girl  
Selby?

Hi  
Oh man, it's good to hear your voice  
Yeah you too  
So, you back down here huh?  
Yeah, I came down to see what was going on  
Oh man, am I glad to hear that  
Yeah?  
no, we all rite, because...  
They caught in here with some old warrant or something, you know  
But, I'm...  
Where are you now?  
In a motel room  
I wished I was there with you rite now  
But Leen... they went up to see my parents  
They were asking all kind of questions  
Yeah, you now well  
I rather not talk on the phone here, you know...  
Because, because I don't know if they're, you know...  
But... don't worry about that, Sel  
I mean that's just some mistaken identity or something, you know  
They've got nothing  
So just talk about us, you know?  
I can't Leen, my picture's on the paper  
From when we crashed the car  
Selby... what are you talking about?  
I'm talking about when we crashed the red car  
Why are you saying that?  
Cause I'm freaking out... they know Leen  
They know, and they've come after me, and I know, I'm gonna go down  
No, Selby, I wouldn't do that, you know, I would never do that ok  
So... just chill out here, ok?  
How am I supposed to do that?  
You gonna let me go down for something you did  
Selby, I didn't do anything  
Leen, you know what I'm talking about  
What are you doing?  
I'm not doing anything  
Where's the money, Sel?  
What money?  
The money I gave you  
What are you talking about?  
I don't know what are you talking about, Leen  
Nothing, just some change  
Yeah, I got that  
I just wanna leave, Leen  
I just want a normal happy life  
I don't know why you did this  
Cause I love you  
Cause I love you, and I never wanted to lose you that's all  
I love you with all my heart, my soul, my mind and I never let you down, alrite

Cause it was me  
It was only me and I'll tell them that, ok  
But it's over for me now  
I'm never gonna see you again  
That people could forgive you for something like this, you know?  
But they can't...  
They can't end  
Thank you Judge and may you rot in hell...  
Sentence a raped women to death and you all, you are just bunch of scum, that's what you are  
Faith can move mountains  
Love would always run away  
Everything happens for a reason  
For when there's life, there's hope  
Hope...  
They've gotta tell you something
